The Learning Resource Centre has a very diverse selection of books, with reference and fiction books available from the approximately fourteen thousand books on the shelves, with new titles being added on a regular basis. These books are aimed at not only supporting the curriculum, and reading for pleasure, but also for students wanting to go on to further education. There are many books that can be borrowed for a period of 2 weeks.

There are thirty computers that may be used before and after school, although there is a booking system for the busy lunchtime period. There is also a selection of magazines and additional activities available after school.

### **Accelerated Reader Scheme**

We are pleased to be launching an Accelerated Reader Scheme for all year 7 pupils, to instill a passion for literature and development of good reading habits, with books for all pupil tastes and abilities.

The Learning Resource Centre is available for all school pupils and sixth form students to use, with the aim of the L.R.C staff providing a safe, supervised area for students to attend in their free time.

**The Learning Resource Centre is open from:  
8.00 a.m. to 4.30 p.m.**
