

The King John School

Year 7 Literacy and Numeracy Catch-up premium

Intended spend - 2017/18

The literacy and numeracy catch-up premium gives schools additional funding to support year 7 students who did not achieve the expected standard in reading or mathematics at the end of key stage 2 (KS2). There are 50 students identified as being in need of support to achieve the expected standard in English with 15 identified as a high priority. 50 students are also in of support to achieve the expected standard in maths with 15 being a high priority as well.

In 2017/18 the school is expected to receive £13,422 for the catch-up premium (based on 2016/2017 allocation)

This funding will be used to:

- Provide extra adult support in lower sets for English and mathematics lessons.
- Small group tuition for personalised support in literacy and numeracy.
- Provide support through the Chrysalis Learning Programme.
- Support year 6 to year 7 transition and summer school programme.
- Part of funding allocated to the accelerated reader program to improve literacy.

The expected impact will be for students in this group to make progress towards the expected standard in English and mathematics.
